About TIEMA

Thirumudivakkam Industrial Estate Manufacturers Association (TIEMA) was established in 2001 to serve as the representative body for industries located at SIDCO, Thirumudivakkam. The industrial estate spans over 200 acres of land and houses approximately 380 active Micro, Small, and Medium Scale Units.

TIEMA serves as the voice of its members, advocating for their interests to both state and central governments, statutory bodies, financial institutions, and similar entities.

Over the years the association has grown both in stature and in its activities. Apart from being a forum to raise and liaise with all Government organisation both Central and state, TIEMA has the following initiatives.

- CAIIUC: Being a part of the Government partnership, it provides and maintains all necessary Infrastructure like roads, waste management, etc for all members
- TIECO: Is involved in creating and managing cluster toward Common effluents treatment
- PETC: Precision Manufacturing Mega Cluster, is a state of art hub for cutting-edge research, new product development, and innovation in precision manufacturing, contributing to both local and national economic development.
- TIEMA Sports: Conduct sport activities among its member to create a congenial industrial atmosphere and brotherhood amongst members.
- TEXPO: Exhibition to connect MSMEs' in the region to facilitate Business promotion Overall, TIEMA plays a crucial role in fostering the growth and development of the Thirumudivakkam Industrial Estate and its member units, ensuring their competitiveness and sustainability in the long run.

TEXPO - An Overview

TEXPO, launched in 2019, aimed to foster connections between micro and small business houses for the mutual benefit of vendors and customers. More than 60 MSMEs' based in and around Thirumudivakkam participated in the inaugural edition. TEXPO 2019 was conducted in a space of around 300 Sq.Mts. Its success left a lasting impression, with stakeholders and customers clamouring for more. Responding to this demand, TIEMA decided to host "TEXPO" once every two years.

The second edition, held in 2022 after the pandemic lockdown, successfully achieved its goal of linking micro industries with Original Equipment Manufacturers (OEMs) and fostering a business model that nurtured local businesses for mutual growth. This edition also introduced a broader range of manufacturers to high-profile OEMs. It was held over an area of 1000 Sq.Mts and about 132 stalls.

Looking ahead, the third edition of TEXPO is planned for 2024, with a vision centred on "Empowering MSMEs'." The event aims to facilitate MSMEs through various means, enabling them to expand and reach greater heights in their business endeavours. This edition is expected to further solidify TEXPO's reputation as a catalyst for the growth and empowerment of micro and small businesses. It is planned to be held on a 1500 Sq.Mts of Space consisting of about 184 stalls. Exhibitor profile will be dominant of MSMEs' who are based in and around Thirumudivakkam industrial area.

Visitors profile at TEXPO

Prospective OEM Buyers and Sellers, Industry Specialists, Engineering and Project Consultants, Purchase Heads, National and International Sourcing Agents and more.
